High School Diplomas Regular.....	80	District Owned Operation	
Other Completions*	1		
Graduation Completion Rate...	94%	* Certificates of Completion issued by the district	
		** Limited English Proficient (LEP)	

Highlights

Kimberly has experienced an excellent school year. During the year the district selected new (novice) principals for all of our schools. It has been a delightful experience to see these three young people bring new zeal, enthusiasm and high educational standards to their schools. Each of our schools continues to improve and have consistently experienced higher scores than the state's average.

This district, like many school districts in the country, struggle with an assessment process that fails to adequately document the educational growth of our small population of precious "challenged" students. We have found the state/federal assessment instruments failing to measure the unique personal improvements of this population. We continue to seek strategies that unequivocally document the positive educational and personal growth of all students. We attribute these successes to our outstanding staff and most supportive community.

Progress Towards Meeting Goals

2004-05 Goals

Progress

The district will meet or exceed state testing minimum for all students.

Every student (including LEP/ students) in Kimberly Schools met or exceeded the testing minimums set by the state. The only exception is the failure of two students who are among our most "challenged" students.

We will recruit and retain outstanding staff.

Every certificated staff member was appropriately credentialed by the state. Our staff turnover for reasons other than retirement was less than 2%.

The Kimberly School District will actively maintain a safe learning environment.

Safety inspections by the state revealed no significant safety violations. All buildings have been maintained to a standard exceeding state guidelines and funding.

The Kimberly School District will provide and maintain "cutting edge" technical education opportunities and services.

The district supported technology to a level exceeding the state funding formula by over \$75,000. In addition the district provided two new computer labs and replaced approximately 150 "obsolete" computers.

Total Non-Certified Staff	42.50	30		

Note: Rank represents how this district compares to the other public school districts in the State of Idaho; high to low (1 being the highest).

Adequate Yearly Progress and Assessment 2004-05

Did Kimberly District make Adequate yearly progress for 2004-05? No

Percent of the 41 targets that Kimberly District made: 97.56%

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading and math.

More Information is available at: <http://www.sde.state.id.us/admin/ayp05/default.asp>

To Protect the privacy of individual students the following symbols are used.

^ No participation determinations are made for groups of less than 10 students. The participation rate of students in this group is included in district and state totals.

~ No proficiency determinations are made for groups of less than 34 students. The proficiency level of students in this group is included in district and state totals

3rd Indicator - Graduation Rate
